# CSB-0012 视觉检测台
CSB-0012 VISION INSPECTION TABLE

产品介绍 Introduction

CSB-0012 视觉检测台是一种视觉检测专用设备，实现非标保险盒字符检测功能。

CSB-0012 is a special machine for vision inspection to realize the function of non-standard fuse box character inspection.

产品特点 Product features

● 运行高效

整机布局紧凑，单件运行周期约6S；

● 操作简单

感应控制，设置参数、点动操作、调取工艺配方便捷；

● 维护换型简单方便

换型只需更换工装即可；

框架设计，便于整机各组件的维护与调整。

● Efficient operation

Compact layout, single piece running cycle about 6S;

● Simple operation

Induction control, easy to set parameters, point operation and take articles;

● Simple and convenient maintenance and model change

Change of Type only requires replacement of tooling;

Frame design, easy to maintain and adjust the components of the whole machine.
